## **LINK Scheme ATM Footprint Report**

**November 2018**

**Published on 11<sup>th</sup> January 2019**

In LINK's Final Decision and Impact Assessment on the results of its Interchange Consultation, published on 31<sup>st</sup> January (<https://www.link.co.uk/about/news/link-moves-to-secure-future-of-free-atms/>), the Board of LINK set out its commitment to maintain free access to cash for many years to come through an extensive footprint of ATMs with the same coverage as now. The date of this commitment will therefore start from 1<sup>st</sup> February 2018.

This included a commitment to leave interchange unchanged for all existing free ATMs 1 kilometre or more away from another free ATM, to ensure that LINK's reduction in interchange would not give a reason for closure. These ATMs are known as Protected ATMs.

This also included a commitment to apply at LINK's discretion a premium of up to 30 pence to deal with specific problems with financial inclusion caused by loss of a Protected ATM. Should that premium not deal with the problem within 2 months an additional subsidy will be considered.

The Board has decided to publish the total number of Protected ATMs and the number where free access has been removed through closure or by being turned into charging ATMs. Reports will be provided on a regular basis.

This report then sets out an analysis of the number of Protected ATMs no longer transacting and, after identifying where there is alternative access to cash provision (such as a Post Office counter providing free cash access), and where there is no public impact (for example, because the site was not accessible to the general public, e.g. it was within a closed company site), it shows the resultant number of sites that will be targeted for replacement with premiums. Note that where the loss is due to a security reason such as a raid, and there are no willing site owners, LINK will not plan a replacement until the security situation is judged safe again by local site retailers and ATM operators.

In addition to this, LINK also publishes on its website the number of free and charging ATMs by parliamentary constituency.

For questions about this report contact LINK at [www.link.co.uk/contact-us/](http://www.link.co.uk/contact-us/).

**LINK Scheme ATM Footprint Report**

**November 2018**

**Published on 11<sup>th</sup> January 2019**

	<b>Current Position</b>	<b>Net Change Since Last Month</b>	<b>Explanation/Definition</b>
Total Protected ATMs	2,418 (100%)	+15	Free-to-use ATMs that do not have another free-to-use ATM within 1 km. From October, this figure is updated monthly and to include additional ATMs that now meet Protected status.
Live ATMs	2,265 (94%)	-12	A live ATM is one that is connected to the LINK network and being used.
<b>ATMs No Longer Transacting</b>	<b>153 (6%)</b>	<b>+27</b>	<b>An ATM that is not active (reason will need investigating to confirm if permanently closed, or if the closure is temporary due to operational issues such as an upgrade or machine change). In November, 33 new Protected ATMs were identified as no longer transacting. 6 Protected ATMs that were not transacting previously came back online, were replaced or removed from Protection making a net change of +27.</b>

ATMs No longer Transacting	153 (6%)	+27	In November, 33 new Protected ATMs were identified as no longer transacting. 6 Protected ATMs that were not transacting previously came back online, were replaced or removed from Protection making a net change of +27.
Temporarily Out of Action	14	No change	Temporary issue with site, plan in place to re-install.
Investigations with Operator Underway	37	+16	Under investigation. See note overleaf on changes to methodology.
<b>ATMs Confirmed as Closed</b>	<b>102 (4.2%)</b>	<b>+11</b>	<b>Free-to-use ATM permanently closed or switched to pay-to-use.</b>

ATMs Confirmed as Closed	102 (4.2%)	+11	As above.
ATMs Not Being Replaced	74	+10	Locations where consumer have free access to cash over the counter from the Post Office (42), or where the site was not accessible to the general public

## Link Scheme Holdings Ltd

			(25), e.g. inside a corporate building, or where there is a security issue (7).
<b>ATMs Targeted for Replacement</b>	<b>28 (1%)</b>	<b>+1</b>	<b>Subsidies are being offered.</b>

ATM Targeted for Replacement now resolved	5	0	Where a targeted for replacement site has now got free access to an ATM.
ATMs Not Replaced after 2 months	9	0	After 2 months from the premium offered, further assessment, and additional subsidies considered.

A list of the 102 locations where ATMs are “Confirmed as Closed” is included with this Report.

Where an ATM is “Confirmed as Closed”, LINK assesses whether there is a Post Office counter service nearby as an alternative method for consumers to access their cash. If there is not a Post Office and the previous ATM was publicly accessible, then the area will be designated as “ATM Targeted for Replacement”. LINK does not own or operate ATMs and the siting of ATMs is a competitive market for ATM operators who choose to deploy where it makes sense for them to do so commercially. LINK therefore offers premiums to operators to support the deployment of a free-to-use ATM in locations designated as “ATMs Targeted for Replacement”. Where an operator commits to an installation, it can take a number of months for the ATM to be replaced. This period can vary depending on a number of factors e.g. the time it may take to find a suitable and willing retailer, negotiating commercial contracts, buildings works or potentially planning consents.

Changes to LINK Methodology - The process for how Protected ATMs are assessed has changed since July 2018’s Footprint Report. All ATMs no longer transacting are now checked with LINK operators to understand the specific circumstances of the site before being assessed for further action. As the specific circumstances of each Protected ATMs are known, machines will be categorised with their latest position under the Current Position column.

From October 2018, LINK treats as protected any ATMs which meet the criteria after 1<sup>st</sup> February 2018, as well as those that met the criteria at that date. These are now added on a monthly basis from October onwards.

### Financial Inclusion Programme Update

See separate attachment.

### Interchange Strategy Changes

On 16<sup>th</sup> July 2018, LINK announced changes to future interchange rates, canceling the third 5% cut due in 2020 and putting on hold the fourth due in 2021. LINK has not made any further changes to its interchange strategy since this date.
